## news

### ASTHMA PLUS “TERRIBLE 2’s”

My daughter Riley is 2 years old and as two year olds go we deal with tantrums and fits. In addition to all of that, she was on 3 different medications

and breathing treatments for asthma. We decided to try Shaklee products and since she began taking the Increditives from Shaklee, Riley no longer needs to take her medications or do any breathing treatments. We didn't realize how much of a difference Shaklee made until one weekend when Riley was not able to take her vitamins and by Monday her cough was back and she was extremely clingy and fussy. We immediately got her back on her vitamins twice a day and she was a whole new kid. Her coughing stopped, she stopped fussing, she wasn't as clingy and was overall a happier two year old.

Jessica G., Colorado

**The Shaklee Difference**  
*Increditives is the first chewable multi in the US to contain lactoferrin, which supports a healthy immune system in kids.*

*What is lactoferrin? It's an important protein found in breast milk.*

### Check out our “MOISTURE LOCK DAY CREAM”

with Active Cellular Hydration Technology, for smoother, plumper, softer, and more hydrated skin. Quenches thirsty skin, replenishes hydration, and protects skin from

moisture loss, while sealing in the actives

of your Moisture Activating Serum to maximize benefits. Formulated with Vital Repair+ Complex and Muscadine Grape Extract for anti-aging benefits.

### WOMEN LOVE GLA

GLA (gamma-linolenic acid), omega-6 fatty acid, sunflower seed oil, and vitamin E are combined in this unique formulation to help promote a sense of well-being throughout a woman's monthly cycle.

"I really love this product and highly recommend it for fellow women struggling with their cycles or hormone balance! I like taking this natural substance to relieve cramps and bloating because it feels safer than some other OTC stuff or can be taken in addition. It is also highly affordable if you spread the dosage out!"

Meaghan

## NATURE BRIGHT TO THE RESCUE

Wow! I am never disappointed, often surprised, at how well this non toxic, non bleach stain remover works. My old cutting board looks brand new.

And look what it did to my friends old cabbage patch doll!

## Liver Enzymes, Hepatitis C, Interferon

### Live Enzymes Dropped from 800 to 34 Using Shaklee's DTX & NutriFeron

My husband had a terrible car accident and required to be transfused three different times. The blood supply was not screened for Hepatitis-C. As a result my husband contracted Hepatitis-C. His liver enzymes were up to 800. Normal is between 0-40.

He stopped drinking and stopped taking over the counter pain medications. I began giving him Shaklee DTX. His liver enzymes went down to 200, but we could not get them down any lower.

At this time my husband was told he needed a liver biopsy to determine the extent of the damage. They wanted to begin interferon treatments, which I learned would make him extremely ill, feeling as if he had the flu all the time.

Instead of Interferon treatments, he began taking NutriFeron to boost the body's own natural interferon. He took 2 per day along with 2 DTX. He's been on the DTX for over a year now and NutriFeron for about six months.

At his last appointment the doctor told him that he does not need to go back to the gastroenterologist anymore because his liver enzymes are 34 ... perfectly normal. Makes me want to cry, and my husband is absolutely ecstatic.

## Ulcerated Colitis

I suffered for many years from ulcerated colitis - an inflammatory condition of the large colon which produces burning, itching and diarrhea. I watched my diet very carefully and added the **Shaklee supplements** that are important for healthy digestion along with the **Vitalizer**.

My condition improved, but as soon as I would eat sugar or any gluten, I would again suffer a great deal of pain and diarrhea.

I began taking **VIVIX** and noticed that day by day the inflammation was less and less. All the symptoms associated with the disease were gone in 8 days.

**VIVIX** has also given me a great deal of energy, my brain works better and **I feel younger.**

**VIVIX** has changed my life, as I suffered for many years.

Thank God for Shaklee

*Donn Mathias, Madison, WI*

# A NEW "NORMAL"

*I now know what "feeling good" really means!*

*Krystle Gossett*

I was a collegiate volleyball player. I thought I was pretty healthy and in good shape. I had no idea that I was actually feeling mediocre and even pretty crappy a lot of days, and I was 15-20 pounds over my ideal healthy weight. I didn't realize how unhealthy I really was,

You know why? Because if you feel that way day after day, you accept it as your normal. You never know that you could feel so much better until you experience amazing. You accept your health as "fine" without really knowing that there is another option. I have learned that, in life ...

*... you just  
don't know what you don't know!*

## Maybe you can relate:

In your current body ... you often hit an afternoon slump and reach for a cup of coffee or energy drink. Maybe you feel so uncomfortable and your clothes are snug and you just wish you could live in oversized comfy clothes.

## THEN THERE WAS "SHAKLEE" ... and everything changed!

### Watch Krystle's 2 minute video

energy and motivation to eat better and stay active. The Shaklee Life Shake really helped to burn lots of fat and build lean muscle too.

I originally started with Shaklee's Osteomatrix due to severe leg cramps in both legs during my first pregnancy. I was taking a well known brand that came highly recommended at the Health Food Store already but obviously my body wasn't absorbing what it actually needed. After suffering for 3 + weeks of leg cramps though the night I changed brands to Shaklee and from day on the problem was solved...no more leg cramps. Then eventually I got on the Vitalizer Plan and have used it the last 8 years. It's been my prenatal for all 3 kids and I still use it.

When you fill the gaps of your daily diet with these amazing supplements you develop a firm foundation. Your mind and body all start to change. You begin to have the

**Talk about Life Changing!! I can't keep it to myself!**

**How blessed am I that I can raise my 3 precious kids with all of this health giving knowledge.**
