Why would you buy Gatorade at \$1.00 a bottle when you can get better hydration with no artificial flavors, sweeteners or preservatives at just \$0.52 a serving?

MIGRAINE MEDS

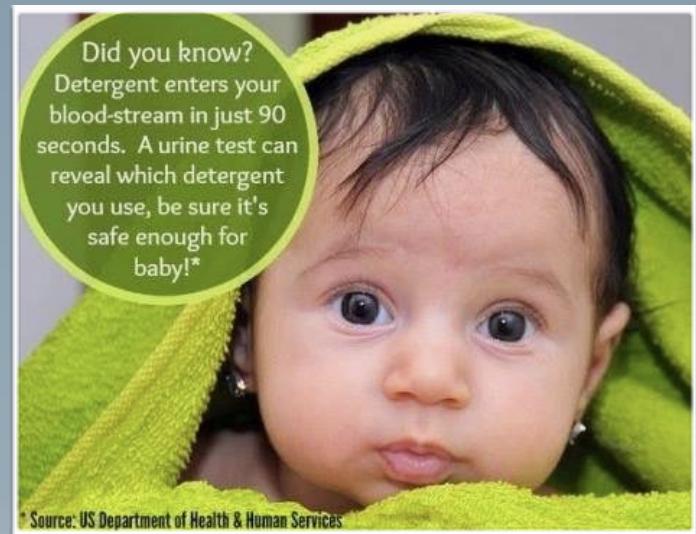

Marjon Barreto After
years of being on
**migraine preventative
meds** that had my
memory so shot I was
afraid to speak to
people because I knew
I would forget simple
words. I've been on
MindWorks just
over a year and
the difference is amazing. I don't go a
day without it and can talk to just
about anyone and don't sound
completely stupid.

Mind Works

It seems like only yesterday when we discovered the green cleaning power of Super Organic Basic H. In reality it was more than 30 years ago, and we've used it ever since! We like to think of it as Sparkle Power because it has 1000 ways to clean pretty much anything and everything until it sparkles. Oh yes – let me just say, it cleans so well you can save on elbow grease too. Cleaning windows and glass is just one of its uses – and it does it so efficiently, so safely – and at the incredible cost of approximately one cent per 16 oz of water {you provide the water from your faucet and mix with only 1 – 2 drops of Basic H2 for the window dilution} For the general household dilution? Just add 1/4 teaspoon to 16 oz water! Squirt and spray your way to SPARKLE! Anthea Tripp

Big Savings!

Pharmacist shares: "In my 30 years practice of pharmacy, I have not found any other company that can even come close to the standard of excellence as that of Shaklee. I have learned through the years that proper nutrition is the key to getting well and staying healthy, and that **medication is not the answer** to the increasing health disasters that we are facing. Over the past few decades, more and more drugs have been recalled and or withdrawn from the market due to damaging side effects, including death. I have watched patients start out taking 1 or 2 medications ... then years later taking 10 to 20 or more because drugs mainly treat the symptoms while harming/destroying other vital organs. I could only recommend medications for short term usage, and that any chronic issues be addressed through proper nutrition. After learning the superior quality of Shaklee and their vigorous testing process, as well as seeing how effectively these vitamins and supplements have benefited our family and friends, I eagerly recommend Shaklee products for everyone."

Doctor sets good example for patients

Drug Free for over 40 years!!

During my senior year of High School I had lots of sore throats, colds, infected tonsils, walking pneumonia etc. This resulted in Dr. appointments and antibiotics and other medications. These (and even more) health issues continued into my college years and after I married and started a family.

Then my life changed! I was exposed to Shaklee and options that would build my

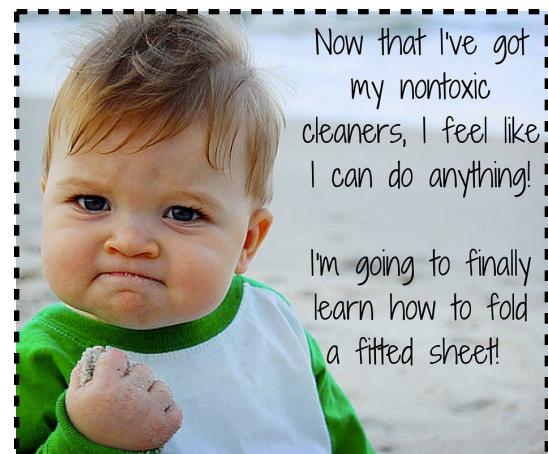

health and relieve my symptoms "naturally". The migraine headaches, the stomach issues, the sore throats and constant colds became a thing of the past. It didn't happen over-night but by the end of the first year I was on a very good path!

I have been prescription drug free for over 40 years!! My "medicine cabinet" now consists of Shaklee's Defend and Resist, Formula I, Garlic, Vitamin C, Zinc, Vitalized Immunity etc.

To stay healthy I take the Shaklee Life Strip which includes the "anti-aging" magic bullet ... VIVIX! Added to this I include vitamin D, Stress Relief, MindWorks, NutriFeron, Soy Shakes, Alfalfa and a "few others"! Lorri Kreuscher

"I lost **50** pounds using the Shaklee 180 Plan and went from a size 16 to a size 4. I feel healthy and fit long after losing the weight. I'm now a positive example for my patients, and a healthy role model for my daughter."

A Vibrant, Ageless YOU

It's the perfect time to put Pizzazz back into your life! Say good-bye to "Sick and Tired" and "Old-Looking Skin".

There is a NEW YOU just waiting to be exposed!

Achieve "super" success with a two-fold approach:
Work on the Inside and Outside!

Vitality from the Inside

The secret to well being and unlimited energy lies in a multi-nutrient supplement that packs a store-full of natural nutrition in a single serving.

Vitalizer is supplementation made simple. This clinically supported solution packs advanced nutrition into a convenient, go-anywhere Vita-Strip. Vitalizer provides vitamins, minerals, antioxidants, omega-3 fatty acids, and healthy probiotics -- using a patented delivery system specially designed to enhance absorption of key nutrients in your body.

- Based on 12 clinical studies and a first-of-its-kind Landmark Study
- Custom formulas created specifically for today's healthy active man, woman and adults over 50

And now, Vitalizer Women is excellent as a prenatal/postnatal multivitamin. Vitalizer Women provides a full spectrum of nutritional support including 800 mcg of folic acid, 200 mcg of iodine and 18 mg of iron.

Beauty from the Outside

The secret to timeless beauty is younger-looking, healthier skin that doesn't seem to age with the passing of time – or the changes in the weather – or the environmental assaults – or stress. Healthy skin begins with healthy cells that get the nutrients required to make them and keep them young and healthy. In other words, naturally beautiful skin from the inside out.

BUT that's not enough for the radiant skin YOU and EVERY person wants! Your skin craves the same nutrients on the outside, so they penetrate into the lower layers of skin, infusing it with a double shot of sparkle and luminosity! Anti-aging skin care at its BEST!

Think brighter, clearer, smoother, firmer skin for Men as well as Women!

The results are in! The **Enfuselle Repair System** is clinically proven to improve your skin in as little as 28 days. You'll see and feel the difference immediately. We Guarantee it! Look at these amazing "improvement" percentages!

Clinical Test Results:

- Reduces the appearance of fine lines and wrinkles by **421%** in 4 weeks!
- Increases skin firmness and elasticity by **154%** in 4 weeks!
- Definitive evening of skin tone in 12 weeks!

THINNING HAIR

A friend of mine shared a picture of me in 2012. Before Shaklee I had a terrible bald spot that drove me nuts and my ponytail was very thin. I just took a picture of myself and the difference is huge. My hair is so full now and no more annoying bald spot! I've been taking Shaklee for just over a year but started seeing an improvement within a month of starting.

What did you take?

The 180 shakes and Vitalizer is where I started. I now take the Life plan with 2 shakes per day. I have also gotten off all my daily **migraine preventatives** which helped.

Resveratrol Stimulates Mitochondrial Activity (Cellular Energy)

Mitochondria are known as cellular “powerhouses” because they generate the power needed to fuel every day metabolic functions within our cells and our entire body. The ability of resveratrol to reduce inflammatory stress on mitochondria has a huge impact on whole-body health. Healthy mitochondria are significantly more efficient and produce fewer free radicals than older mitochondria.

For instance, cancer cells are known to have dysfunctional mitochondrial function. While normal cells derive energy from oxidative phosphorylation, cancer cells cannot. Cancer cells must rely on anaerobic glycolysis for energy production. Addressing the **mitochondria which drives the energy production of the cell** is key to halt tumor growth and encourage cancer cell death.

Vivix Increases Cellular Energy

GREEN area represents mitochondrial mass in human muscle cells. Mitochondria increases cellular longevity and function.

Vivix contains resveratrol PLUS a very special polyphenol blend which makes it much more effective than resveratrol alone when it comes to increasing our mitochondria!

Look at all the “green” in the last “Vivix” slide !
